A lot of people show they care

On behalf of the Naperville CARES board of directors, dedicated volunteers and clients, I would like to thank all those who attended our seventh annual Cuisine for a Cause, which was held at Tellabs Global Headquarters on April 24. I continually witness the generosity of the Naperville community, and it was certainly on display the evening of Cuisine when CARES raised \$110,000 to support our mission of preventing homelessness in Naperville.

This event was made possible through the generous support of Tellabs, our sponsors, the city of Naperville SECA grant, the donations of food and beverages by Naperville restaurants and area merchants, and the businesses that supplied in-kind donations.

Karen Garlough from My Chef Catering and the entire Cuisine Steering Committee created a wonderful event that was enjoyed by everyone in attendance. While the evening showcased food, wine and beer from the finest Naperville restaurants and area merchants, it also featured the musical talents of our elementary, middle and high school students. Also evident was the Naperville community spirit because of the many volunteers who helped to make the evening so special.

Thank you to everyone who helped to make Cuisine for a Cause such a success.

Janet Derrick
Executive director
Naperville CARES
